

WE CAN  
EXECUTE  
YOUR  
VISION

**PAVAR**  
CRAFTED BY DESIGN

# FLEXIBILITY

Like no other supplier can offer. Whether it begins with a style concept, a time line or a budget, your job is demanding. Whatever the priority, the answer is always the same for Pavar, solutions oriented.

## 1 PAVAR IS A MANUFACTURER

With 40 years of manufacturing experience, all under one roof, we take the creative and planning demands of your job and form them into a plan of action. With our team of experts in both design and construction, we literally build your project vision with clearly defined goals set in place by you. And we EXECUTE the plan together.

## 2 DIRECT ACCESS TO THE FACTORY

Pavar has the unique ability to maintain an open dialogue with you throughout your design and procurement process. We work ALONGSIDE you in the transformation of your clients' needs. We don't change your vision, we create it. You have complete access to the factory, which means complete access to the progress of your project.

## 3 SEE, SIT AND TEST YOUR PRODUCT

Without building your design, you may end up with unpleasant surprises. At Pavar, being a true manufacturer means we test the engineering of your product, and so can you. With a SAMPLE manufactured and shipped to you in a matter of days, that means no surprises. That translates into a well laid out plan.

## 4 PURCHASING WITH OPTIONS

Pick your approach to purchasing depending on your current project demands. PERFECT FIT - if lead time is an issue, pick a stock model ready to ship in as little as 2 weeks. TWEAK - if lead time permits, put your signature on a stock model by tweaking its features. CUSTOM - with a sketch or an idea, it's your design brought to life.

# WE EXECUTE WITH A PLAN.

Flexible enough to work within a budget.

Flexible enough to work within a tight timeline.

Flexible enough to work with your tailored designs.

Pavar has the ability to do ALL THREE simultaneously.

Share your challenges, we will provide the solutions.

Enter the PAVAR universe by asking for a copy of our DESIGN BOOK. It is explicitly designed to facilitate your decision-making process and to learn about the benefits of PAVAR products and services.

We are solutions driven. Let's talk!
